

Contoso Ltd. -- Printer Setup Instructions

Document ID: IT-DOC-009

Version: 2.0

Effective Date: March 1, 2026

Owner: IT Infrastructure Team

Classification: Internal Use Only

1. Overview

This guide explains how to set up and use Contoso office printers. Contoso uses Microsoft Universal Print for cloud-managed printing. Most printers are available automatically when you sign in to a Contoso-managed device.

2. Available Printers

2.1 Office Printers

Each Contoso office has the following printer types:

Printer Type	Model	Location	Capabilities
Standard B&W	HP LaserJet Enterprise M610	Every floor, near kitchen area	Print, copy
Color	HP Color LaserJet Enterprise M5	Floors 2, 4, 6 (near design areas)	Print, copy, scan
Large Format	HP DesignJet T650	Floor 3, Room 310 (Print Room)	Posters, banners (up to 36" wide)
Secure Print	HP LaserJet Enterprise M611	Every floor, near elevator lobby	Badge-release printing
MFP (Multi-Function)	HP LaserJet Enterprise MFP M636	Every floor, near reception	Print, copy, scan, fax

2.2 Printer Naming Convention

Printers are named using the format: [City]-[Floor]-[Type]-[Number]

Examples:

- SEA-F3-BW-01 -- Seattle office, Floor 3, Black & White, printer #1
- SEA-F4-CLR-01 -- Seattle office, Floor 4, Color, printer #1
- NYC-F2-SEC-01 -- New York office, Floor 2, Secure Print, printer #1

3. Adding a Printer

3.1 Automatic Discovery (Recommended)

Most printers are auto-deployed via Microsoft Universal Print:

- Open Settings > Bluetooth & devices > Printers & scanners.
- Your floor's printers should already appear in the list.
- If they don't appear, click Add device and wait 30 seconds for discovery.
- Select the printer and click Add.

3.2 Manual Addition

If a printer doesn't appear automatically:

Open Settings > Bluetooth & devices > Printers & scanners.

Click Add device > Add manually.

Select Add a printer using an IP address or hostname.

Enter the printer's IP address (found on the label on the printer or in the table below).

Select HP Universal Print Driver when prompted.

Name the printer using the naming convention in Section 2.2.

3.3 Common Printer IP Addresses (Seattle Office)

Printer Name	IP Address	Floor
SEA-F1-BW-01	10.10.1.50	1
SEA-F2-BW-01	10.10.2.50	2
SEA-F2-CLR-01	10.10.2.51	2
SEA-F3-BW-01	10.10.3.50	3
SEA-F3-LF-01	10.10.3.60	3 (Print Room)
SEA-F4-BW-01	10.10.4.50	4
SEA-F4-CLR-01	10.10.4.51	4
SEA-F5-BW-01	10.10.5.50	5
SEA-F6-BW-01	10.10.6.50	6
SEA-F6-CLR-01	10.10.6.51	6

4. Printing

4.1 Standard Printing

Open the document you want to print.

Press Ctrl + P (or File > Print).

Select the appropriate printer from the dropdown.

Choose your settings (pages, copies, duplex, color/B&W).

Click Print.

4.2 Secure Print (Badge Release)

Secure Print holds your job on the printer until you badge in -- preventing sensitive documents from sitting in the output tray:

Print your document to a SEC (Secure) printer (e.g., SEA-F3-SEC-01).

Walk to the secure printer.

Tap your Contoso employee badge on the card reader attached to the printer.

Your print jobs appear on the printer's touchscreen.

Select the jobs you want to print and tap Release.

Uncollected secure print jobs are automatically deleted after 4 hours.

Policy: All confidential, HR, legal, and finance documents must be printed using Secure Print.

4.3 Duplex (Double-Sided) Printing

Duplex is the default setting on all Contoso printers to reduce paper waste. To print single-sided:

In the print dialog, click Printer Properties or Preferences.

Under Finishing or Layout, change Print on Both Sides to None.

4.4 Mobile Printing

To print from your phone:

Ensure you're connected to the Contoso-Corp Wi-Fi or VPN.

Open the document in the Microsoft 365 app (Word, Excel, etc.).

Tap Share > Print.

Select a Universal Print printer.

Tap Print.

5. Scanning

5.1 Scan to Email

Place your document in the scanner feeder or on the flatbed glass.

On the printer touchscreen, tap Scan.

Select Scan to Email.

The printer will auto-detect your identity from your badge or ask you to enter your email.

Tap Send. The scanned document will arrive in your Outlook inbox as a PDF.

5.2 Scan to OneDrive

Place your document on the scanner.

Tap Scan > Scan to Cloud.

Sign in with your corporate credentials if prompted.

Select your OneDrive folder.

Tap Scan. The file will appear in your OneDrive.

6. Troubleshooting

Issue	Resolution
Printer not found	Ensure you're on the corporate network (
Print job stuck in queue	Open print queue, cancel the stuck job,
Paper jam	Open the front panel of the printer, gen
Poor print quality	Check toner levels on the printer displa
Badge not recognized at secure printer	Ensure your badge is active -- try badge
"Access Denied" when printing	Your account may not have permissions fo
Print is B&W when I wanted color	Verify you selected a CLR printer, not a

7. Print Quotas and Policies

Policy	Detail
--------	--------

Monthly B&W quota	500 pages per employee
Monthly color quota	100 pages per employee
Default settings	Duplex, B&W, standard quality
Personal printing	Not permitted on office printers
Quota exceeded	Submit an exception request with busines

8. Supply Requests

If a printer is low on toner, paper, or other supplies:

Go to <https://itportal.contoso.com/facilities>.

Click Printer Supply Request.

Select the printer name and the supply needed.

Facilities will restock within 4 business hours.
